EMERGENCY MANAGEMENT PLAN & PACKAGE FOR SMALL BUSINESS

Comprehensive Solutions For Compliance

Your Business is Covered

DEAR BUSINESS OWNER

Running a business in Australia is the essence of a dream realised. It takes bravery and dedication. It isn't always easy and it comes with challenges as well as successes.

Worksafe Victoria states that as the owner of a small business you must be prepared for emergency situations that may arise. Putting together an EMP Emergency Management Plan will help ensure your workplace is well prepared.

So what is it? An EMP is a set of instructions outlining what your employees and visitors should do in the event of an emergency such as a fire, explosion, dangerous chemical release, medical emergency, bomb/terror threat or robbery. Crime, Accident and Hazardous circumstances can and do happen. So how do you anticipate these events and have a compliant Emergency Management Plan?

Your plan should be easy to access, understand and most importantly tailored to your workplace and appropriate to the number and types of occupants.

Reducing your workload and resource input while ensuring a safe workplace is the critical focus of Essential EMES. Our state of the art digital technology backed with over three decades of high-end safety specialization means we have you covered.

Your Package Includes

ESSENTIAL
EMERGENCY MANAGEMENT
& EVENT SERVICES

Your Needs are Taken Care of...

ESSENTIAL
EMERGENCY MANAGEMENT
& EVENT SERVICES

EMES founder Bob Barry spent more than 35 years as a career firefighter, as Assistant Chief of the CFA and was awarded the National Emergency Medal recognizing service to others through the brutal 2009 Victorian fires. Managing over 262 Fire Brigades, he is no stranger to the importance of process and implementation.

Bob and the team at EMES have an eye for detail and structure that only exists with decades of experience. Who better to trust the safety of your business than one of Australia's most experienced safety advisors?

Bob has spent his career as a pivotal person in crisis management; he understands the criteria, and the critical need to minimize and monitor risks. What does this mean for you? It means you can concentrate on having a Compliant Workplace and breathe easier knowing you are doing the right thing in your business.

Essential EMES uses their brand of Emergency Matrix auditing and has strong connections to the Digital Technology sector, which means you can have the very latest tech at your fingertips if needed.

Impressive and simple.
